

NPH USA
Raising Children. Transforming Lives.

Shaping the Future

2015 Annual Report

From the President/CEO

Every annual report outlines key numbers. For example, number of people served, financials, and lots of other important information. I think, however, annual reports fail to capture the individuals behind each number. The thousands of children that call NPH home and the tens of thousands of lives touched by NPH in the community through education, healthcare and other programs are represented by those numbers. However, each one of those statistics and the financial numbers behind them cannot capture the tragic life stories of the people that we serve and the lives that are saved and transformed.

As you know, we especially encourage people to get closer to the 3,400 kids at NPH. To give. To sponsor. To volunteer. To visit. People that have "gotten closer" to NPH know that NPH is a home and a family, not an institution.

When I meet people and they ask me, "What is NPH?" I share with them the five hallmarks put in place 62 years ago by our founder Fr. Wasson:

1. We encourage the children of NPH to come with their siblings
2. NPH never puts children up for adoption. We want to continue the sense of security and family.
3. Education is fundamental to breaking the cycle of poverty. Each of our children has the opportunity to pursue a trade or a university degree; I know of no other organization that will take a child from infancy through university.

4. Faith, hope, and charity are intertwined with every part of the NPH daily experience.
5. Service. Every child is required to give a year or more of service to help their brothers and sisters of NPH.

Each of the children I sponsor has a unique story and has helped transform my life; they aren't just a number in the annual report. They are part of the NPH family. NPH faces more financial challenges every day. We provide the basics to thousands of children,

but there are so many more that need our help. If we all enhanced our support, through increasing the amount on a monthly sponsorship, or gave a more significant annual gift, included NPH in our estate planning, and encouraged friends and family to do the same, we would be able to help more children. Each number in this annual report represents a child

whose life you or I can change or even save. The most important question in all the world is, what difference can I make in it?

With gratitude,

A. Frank Donaghue
President and Chief Executive Officer

Who We Are

Mission

NPH USA transforms the lives of abandoned and disadvantaged children with homes, healthcare and educational programs, making a positive impact in Latin America and the Caribbean.

NPH USA is a 501(c)(3) non-profit corporation, Federal Tax ID# 65-1229309.

Who We Serve

NPH USA supports Nuestros Pequeños Hermanos (NPH, Spanish for "Our Little Brothers and Sisters"), which is currently raising more than 3,400 boys and girls. An additional 2,300 students who live outside the homes receive scholarships, meals and health care. In 2015, more than 99,000 services were provided to children and adults through community outreach programs.

Where We Serve

Mexico

Opened: 1954

Children living in home: 825

Total supported population: 1,128

Features: The main home in Miacatlán has a clinic, chapel, farms, and primary and secondary schools. There are homes and a vocational high school in Cuernavaca, and a home in Matamoros.

Guatemala

Opened: 1996

Number of children: 274

Total supported population: 416

Features: 25 acres of land, farm, homes, school (grades K-9), vocational workshops and clinic

El Salvador

Opened: 1999

Number of children: 269

Total supported population: 329

Features: School (grades K-9), vocational workshops, clinic, farm and a waste water treatment plant

Nicaragua

Opened: 1994

Number of children: 154

Total supported population: 340

Features: Small group homes, farms, greenhouse, primary school, and vocational workshops

Peru

Opened: 2004

Number of children: 105

Total supported population: 108

Features: 37 acres of land, family-style homes with solar water heaters, water treatment system, playground, clinic, and therapy center

Haiti

Opened: 1987

Number of children: 898

Total supported population: 2,612

Features: The main home is on 15 acres 5,000 feet above sea level in Kenscoff. It has residential cottages, a chapel, farm, and primary school (grades K-8). There is a pediatric hospital, plus rehabilitation centers, homes and schools in Tabarre.

Dominican Republic

Opened: 2003

Number of children: 233

Total supported population: 344

Features: 50 acres of land, family-style homes, school (grades 1-11) and gardens.

Honduras

Opened: 1985

Number of children: 560

Total supported population: 811

Features: Preschool through secondary school, vocational workshops, farm, special homes for disabled children and elderly adults, and a surgery center.

Bolivia

Opened: 2005

Number of children: 124

Features: Dining hall, family-style homes, primary school, garden and clinic

✍ National Director was raised at an NPH home.

Total supported population reflects external children who attend our schools or receive other support services and youths who left the homes and receive ongoing services.

From the National Board Chair

Dear Supporters,

NPH USA is the United States fundraising arm of Nuestros Pequeños Hermanos (NPH). Your generous support of our organization is changing the lives of approximately 3,400 severely disadvantaged children living in NPH homes in nine countries of Latin America and the Caribbean. Many thousands more are helped through NPH medical facilities and other outreach programs. The children, or *pequeños*, are not available for adoption. Instead, each of the NPH homes constitutes a supportive family where the *pequeños* are given unconditional love, care, and education and are taught a sense of responsibility just as you would do for your own children. Many of them have gone on to become engineers, doctors and other professionals. All are given the skills they need to provide for and raise healthy families of their own.

At NPH USA this past year:

- General funds sent to NPH have increased by more than 10%,
- We have committed to send even more funds in 2016,
- A strategic plan designed to raise an ever increasing amount for NPH has been adopted,

- Many new donors and child sponsors have joined, and
- New members with a passion for the mission have joined the board.

This bodes well for a future in which we can provide significantly more support for NPH and break the cycle of poverty for an increasing number of children. Details of the above will be found elsewhere in this report.

The end of 2015 marks the completion of my term as Chairman of the board. It has been a tremendous privilege to work with our CEO, other board members, the dedicated staff and our donor community in furthering the work of NPH. Nestor Jaramillo will now assume the chairmanship and I am confident he will enjoy your support in carrying on, and expanding, the work of this organization.

Please accept my sincere gratitude on behalf of the *pequeños* for your support.

Warmest Regards,

M. Charles Swope
Chair, National Board of Directors
NPH USA

2015 Treasurer's Report

Due to the amazing generosity of our donors, NPH USA has once again recorded another successful year and provided almost \$11 million in cash and medical supplies to NPH International. During the previous five years, your donations to NPH USA have increased an average of 14% per year – resulting in \$3.5 million more of annual support to NPH International and the children that they serve. The organization continually generates a healthy program ratio and 2015 was no different as our 75% puts us in excellent standing with the major U.S. fundraising rating agencies.

During 2015, NPH USA provided \$10.9 million of support to NPH International, comprised of \$9.2 million of cash and \$1.7 million of materials (primarily medical in nature). In 2015, we achieved an operating surplus of \$0.5 million, even after increasing our support to NPHI from the preceding year. This surplus stemmed primarily from our growth in unrestricted revenue and helped to drive an increase in our cash reserve to \$3.3 million. In light of our strong record of growth and healthy cash position, NPH USA's board committed to increase the level of support that it provides to NPHI in 2016 by \$750,000. Once again, this could not be accomplished without the amazing dedication of you, our donors.

NPH USA is committed to maintaining a healthy financial position and balance sheet. We continue to closely monitor our financial performance and with the help of the NPH USA Board and Finance Committee will take actions to ensure that we will always be there for the children of NPH. As our staff implements fundraising plans, your continued support remains the absolutely vital key to our success. We hope, and believe, that you will continue to keep the children of NPH uppermost in your hearts and minds.

On behalf of the children of NPH, thank you for your support,

Marnix Guillaume
Treasurer, National Board of Directors
NPH USA

NPH Dominican Republic / Isabel Puchades

Year of Service *pequeños*: 231

Students supported through educational programs: 2,300

- Children from low-income households who attend NPH schools: 2,102
- Youths on scholarship at community schools: 198

Highlights

- **Bolivia:** Initiated a dairy cows project and a fish production project
- **Dominican Republic:** Completed construction of three vocational workshops
- **El Salvador:** 21 high school graduates began their year of service
- **Guatemala:** Launched a bakery to help local fundraising and integrated a learning store
- **Haiti:** Constructed two new kitchen facilities and re-structured childcare programs for greater efficiency
- **Honduras:** Added a gravity-fed rainwater system for irrigation
- **Mexico:** Installed a second greenhouse and expanded community outreach
- **Nicaragua:** Constructed tilapia tanks and received government accreditation of vocational workshops
- **Peru:** Completed the eighth house and had the first harvest of green beans

Community Outreach

All of the NPH homes assist people in their communities in a variety of ways. The homes with their own schools offer scholarships to local children and those with clinics provide health care services to thousands of children and adults each year. Other programs include offering vocational education to unemployed adults in the Dominican Republic and providing child daycare to working mothers in Honduras. In addition, the homes provide disaster relief when needed.

99,115 services provided through community outreach programs

The 2015 - 2016 Leadership students at orientation in Seattle, WA.
Photo by Kara King

The Seattle Institute began in Fall 2011 in order to continue Father Wasson's legacy by developing a future generation of leaders for our NPH homes. The curriculum is based on principles of servant leadership and grounded in our NPH philosophy. The small size of the program offers the capacity to engage in challenging and rigorous personal and group work, as well as the ability to adapt to the needs of each student.

Each participant lives with a host family, works with an intergenerational mentor, participates in job-shadowing experiences, and studies intense English at a local community college. Additionally, the students participate in weekly leadership courses, weekend workshops, service activities, and several longer retreats during the year. They are coached in their personal growth by the program director and others who support the program in Seattle.

Preparing for Lives of Service

Alberto
Haiti

"NPH is my life," says Alberto, who is studying General Chemistry.

"It is where I grew up, it is my family, it is the best thing that ever happened to me. Sometimes I don't have the words to say how much NPH means to me."

Irene
Mexico

Currently in her second year of service, Irene plans to study physical therapy at university.

She says of NPH, "You are surrounded by people who dedicate their time and care so that you never have to feel alone."

Jonathan
Guatemala

"NPH is like a lighthouse," says Industrial Engineering student Jonathan.

"It is a home-base that will always guide me on my way. It is the light of hope... until you find your own and are able to share it with others in need."

Julio
El Salvador

A university graduate with a degree in Logistical Engineering (Customs), Julio

plans to work for NPH for a few years before pursuing a Master's Degree. "To me NPH is family, home, and shelter," he says.

Mirna
Nicaragua

"In my NPH family I have found a sense of peace," says Mirna, a university

graduate with a degree in Chemistry and Pharmacy. When she returns from Seattle and finishes her year of service, she hopes to work for NPH.

Suyapa
Honduras

"Everything I have accomplished is due to NPH," says Suyapa, who graduated

from a high school that focused on health care. She plans to study Nursing in university and believes what she learns in Seattle will help her give back to NPH.

“ I am now part of a
family that used
to be 300 strangers. ”

Vanessa French

International Volunteer Program Give a year, gain a lifetime of love.

The NPH USA International Volunteer Program sends qualified individuals, married couples and families to support the staff and children living at the NPH homes. Volunteers commit to at least one year of service, live on-site and hold a full time job. They are provided with room and board, health insurance, access to basic medical care, and a modest stipend, but pay for their own travel expenses.

Child Sponsorship Program: Connecting Supporters and Children

The NPH USA Child Sponsorship Program connects caring people in the U.S. with individual children at the NPH homes. Sponsors (Godparents) generously give ongoing financial support to provide for the children's daily care. They also provide friendship that helps the children develop self-esteem and reinforces the values they are taught at NPH.

Special Events: Raising Awareness and Funds

The regional offices of NPH USA organize local events to raise awareness of and funds for our work. Events vary from fun runs to formal galas. In addition, supporters plan and host their own events, such as concerts and cocktail parties, and giving campaigns to benefit the children of NPH. In 2015, supporter events and campaigns yielded more than \$128,000.

Fr. Wasson Legacy Endowment, Inc.

Fr. Wasson Legacy Endowment, Inc. (FWLEI, Federal Tax ID #91-2005679) is a nonprofit, nonsectarian 501(c)(3) organization incorporated in Delaware in 1995. The purpose and mission of FWLEI is to create a substantial and growing financial corpus (the Endowment) that will generate income and help provide long-term financial stability for Nuestros Pequeños Hermanos.

Directors are nominated by NPH USA and elected to represent geographic areas paralleling the regions of the NPH USA offices. The Executive Director of NPH International and CEO of NPH USA are ex-officio voting members of the Board of Directors. The NPH USA offices and NPH Mexico raise funds for the Endowment. Donors receive receipts from NPH USA, which may be used to obtain deductions from U.S. taxes as provided by law. FWLEI may make an annual distribution from earnings to NPH USA for support of the NPH homes.

President's Report

The Father Wasson Legacy Endowment, Inc. (FWLEI or the Endowment), established in 1995, provides a repository of long-term financial assets and an on-going source of financial support through NPH USA to Nuestros Pequeños Hermanos (NPH). FWLEI is a separate 501(c)(3) charitable organization.

The Endowment net asset balance showed a slight decrease, to a total of \$13.4 million at yearend 2015 from \$13.7 million at yearend 2014. This occurred primarily due to flat financial performance in 2014, even while FWLEI made a \$576,000 distribution to NPH USA. During the five years 2010 through 2015, FWLEI has distributed almost \$3 million to benefit the children of the NPH family. (In January 2016, the FWLEI board authorized another distribution of \$659,000.)

Following the January 2016 Board meeting, my second three-year term on the FWLEI Board has concluded. The By-Laws do not allow a third consecutive term. I thank the Endowment Board for the opportunity to serve. The Board will proceed under the trusted and tested leadership of Charlie Swope – President, Earl Frye – Vice President, Jean Gray – Treasurer, Claire Topp – Secretary, and Dave Seidel – Investment Committee Chair, as affirmed at the January 2016 Board meeting.

The primary role that FWLEI plays in the NPH USA fundraising platform is to offer a directed instrument– one with a strong record of oversight and investment performance – for appropriate planned gifts and estate opportunities. Please note the on-going efforts to build support for FWLEI through the staff and supporters of NPH USA. A complete fundraising operation offers an endowment opportunity for donors to contribute to the longer-term sustenance of the beneficiary organization. FWLEI plays that role for U.S. donors to NPH. If you are interested in learning more or know of someone who should hear about this opportunity, we urge you to call your NPH USA Regional Director or one of our board members. We urge you to **GET CLOSER**.

Thank you so much for your contributions and support.
God bless you and the children
of Nuestros Pequeños Hermanos.

John Iberle
President, FWLEI

Fr. Wasson Legacy Endowment, Inc.

2015 Portfolio Management Report

The Father Wasson Legacy Endowment portfolio is managed at Morgan Stanley by the Ziminsky Group. At yearend 2015, total assets equaled \$13.38M. Vic Ziminsky has provided excellent investment results for the Endowment Fund, outperforming the benchmark in eight of the past nine years.

The Endowment Fund investment portfolio – 2015 yearend balance \$13.26 million – achieved a 1.47% gross return (approximately 0.62% net of fees) during 2015, exceeding the 0.08% performance benchmark for a portfolio containing 65% world equities and 35% fixed income. “‘Stealth bear market’ was how some equity analysts chose to broadly describe how equities performed in 2015,” was the phrase used in Vic’s yearend commentary. 2015 returns were not robust, but FWLEI achieved a positive return in a challenging year. As Vic’s commentary mentioned, “An unweighted gauge of all the companies in the S&P500 declined an average 4.68% in 2015.”

At yearend 2015, equities represented approximately 72% of the portfolio (somewhat above the 65% benchmark). Fixed income and cash comprised the remaining 28%.

The Board expresses its appreciation to Vic and his team for continuing good performance and to the Investment Committee for their oversight.
