

Help our children overcome poverty and become leaders!

Our NPH USA community understands the importance of a college education. Life is very competitive and education is the key to success! With a university degree, a person can acquire the necessary skills to obtain employment with hopes to one day provide for their future. This is particularly true of the NPH pequeños who rely on education to break them from the cycle of poverty.

Our NPH homes have 369 university students who are striving to obtain their university degrees. At an annual cost of over \$1,845,000.00, our university education program is a priority to secure funding to ensure our children can pursue their dreams to break the cycle of poverty from their lives. Please consider supporting our efforts to identify scholarships and funding for these students.

NPH USA transforms the lives of abandoned and disadvantaged children in Latin America and the Caribbean by supporting the homes, healthcare and educational programs of Nuestros Pequeños Hermanos (NPH, Spanish for "Our Little Brothers and Sisters"). Together, we create families for life and teach children the values of unconditional love, shared responsibility and helping others.

Donations to NPH USA, Federal Tax ID #65-1229309, help provide children with food, clothing, shelter, health care and an education, allowing children to overcome poverty and become leaders in their own communities.
