

NPH USA
Raising Children. Supporting Families.
Transforming Lives.

“There is nothing better than witnessing my students using their language skills to connect with new friends.”

- Martha Cox-Stavros,
Rockport High School Spanish Teacher

General Mission:

The NPH USA School Ambassadors are vital to the continued success of the organization. School Ambassadors help connect more young people from our region with children in our nine NPH homes through promoting service and cultural education.

School Partnership Opportunities:

1. NPH clubs engage together in supporting NPH.
2. Teach students the value of service through annual fundraisers.
3. Create cultural learning experiences for your students during the annual Pequeno Tour.
4. Use classroom child sponsorship as a tool to write and receive letters from a child in an NPH home and learn about their country.
5. Experience NPH first hand through student service trips.

Whether traveling or at home, students are involved, learning about the mission of NPH USA, writing letters to their Latin American peers, collecting needed supplies to send to the home, and doing local fundraising. Students learn about the life and culture of another country, discuss issues of poverty and unequal distribution of resources, and appreciate the value of taking action. They hear first-hand stories of children born into poverty and rescued from neglect and abandonment, children determined to put their past behind them and dream of a better future.

ABOUT NPH USA

NPH USA transforms the lives of vulnerable children in Latin America and the Caribbean by supporting the homes, health services and educational programs of Nuestros Pequeños Hermanos (NPH, Spanish for “Our Little Brothers and Sisters”). Together, we help children overcome poverty and become leaders in their own communities.

Founded in 1954, NPH is currently supporting more than 6,200 boys and girls in Bolivia, the Dominican Republic, El Salvador, Guatemala, Haiti, Honduras, Mexico, Nicaragua and Peru. In addition, our community outreach programs provided over 140,000 services in 2017.
