## ABOUT US

Founded 65 years ago, Nuestros Pequeños Hermanos (NPH, Spanish for "Our Little Brothers and Sisters") strives to create a loving and safe family environment for vulnerable children living in extreme conditions. NPH USA supports this important work by providing financial resources for homes, education, and healthcare programs that serve thousands of children and families in Bolivia, the Dominican Republic, El Salvador, Guatemala, Haiti, Honduras, Mexico, Nicaragua and Peru.

## OUR CASE FOR SUPPORT

Over half the children in the developing world are severely deprived of basic necessities, including proper nutrition, adequate shelter, safe water and quality health care. These children are often malnourished - not eating enough food and/or consuming a vitamin-and mineral-poor diet - which can make them less likely to grow, learn, advance developmentally or succeed in school.

Many of our children suffered from illness and malnutrition before joining our family. Improving their health and keeping them healthy is a priority. Each day they receive three meals, typically consisting of rice, beans and some form of animal protein, and up to two snacks.

**Help us celebrate 65 years of transforming lives!** Make an investment to provide a nutritional daily diet for thousands of children so they may grow to their full potential, shaping better futures for themselves, their families and their communities.

## MEET GABRIEL

Gabriel's mother died when he was a baby. His father lived on the streets and his grandmother was so poor she was unable to feed him properly. When Gabriel joined our NPH Honduras family, he was in stage 3 malnutrition. He was 2 years old, but he looked like he was only 6 months and he could not walk or talk.

Today Gabriel is a healthy 20-year-old who enjoys swimming, knitting and reading, and wants to become a businessman.

**GOAL: \$165,000** to feed our ENTIRE NPH family for 65 days
