COSTCO
WHOLESALE

Family fills us with love. Love provides hope. And hope promises better tomorrows.

Thank you for joining our family tonight and helping to provide a world full of love, full of hope, and filled with possibilities for the children and families of NPH.

Because of you, children can dream of a future full of possibilities knowing that they are loved, cared for, and supported by FAMILY. Through your support of our homes, schools, daycares, medical clinics and family and community strengthening programs, you make it possible for children to escape the cycle of poverty, promising them hope for a better tomorrow.

I am grateful to join you in the great big family of Nuestros Pequeños Hermanos, and humbled to be part of the incredible work that you make possible.

On behalf of the thousands of children for whom you provide the promise of a brighter future and a better tomorrow, thank you for being family to the children of NPH.

YOU are what Family Looks Like,

Dear Friends and NPH Family Members,

Welcome to the 2023 NPH USA "This is What Family Looks Like Gala"! How I wish I were there...seeing again so many good friends, who have helped us transform lives for so many years. And to meet those of you who join us for the first time. We keep it with Irish motto that a stranger is a friend yet to be met! Why do I miss being there with you? Because beyond the occasion to engage in the highly worth-while opportunity to support children and families to create better futures for themselves, I love the community of supporters that turns a fundraiser into a fun-raiser, the sense of belonging and close connection with so many who embrace and care about our mission.

Congratulations to Cathy and Pat Callans for receiving the highly deserved "La Familia" Award. Your contributions, your personal engagement through receiving children and youth into your home and volunteering at our programs have had an enormous impact. And the book "Wilmer", Matthew worked on with Wilmer and finished it after he passed away, are a permanent testimony to what can be achieved when we collaborate in creating a better world.

We will miss our long-term friend and generous contributor, Father Ken Hume or "Padre Tortilla", as the children lovingly baptized him, after he joined Fr. Wasson in heaven on October 4th, and will continue to remember him in gratitude.

Enjoy the evening and I promise that all contributions will be significant in creating opportunities for children to simply live a happy childhood in worlds that are marked by violence, in creating opportunities to develop their full potential and become the adults God intended them to be.

In the name of the children, families and communities with whom we work, I thank you for being here, for your generous support, and for becoming part of the NPH Family.

Sincerely,

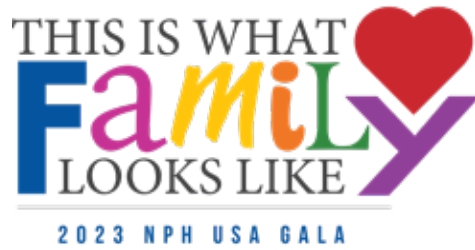

Reinhart Koehler

We are honored to provide this tribute to Pat and Cathy Callans and their family. From the very beginning, Pat and Cathy provided love and support to their own children and others, including our own.

It's so wonderful to see how they have expanded their circle of care to other families and children through NPH. They and their children continue to share this love and support to many and we are grateful to be their friends
