# ST. DAMIEN

PEDIATRIC HOSPITAL FUND

Saving children's lives in Haiti since 1989.

In Tabarre, on the outskirts of Port-au-Prince, stands Haiti's premier pediatric and high-risk maternity hospital, NPH's St. Damien, a 75,000 square foot, 224-bed facility with an emergency room, surgery, infectious and non-infectious disease wards, a dental clinic, outpatient clinic, public health, maternity, neonatology, oncology, and HIV program. Founded in 1989 by Fr. William Wasson and Fr. Richard Frechette, St. Damien provides long-term care to critically ill children and high-risk expectant mothers who would have nowhere else to go, and is the only hospital in Haiti that provides specialized pediatric oncology care.
