Raising Children. Supporting Families.
Transforming Lives.

OUR IMPACT: COMMUNITY OUTREACH PROGRAMS

Fr. William B. Wasson, founder of Nuestros Pequeños Hermanos (NPH, Spanish for “Our Little Brothers and Sisters”), believed in raising children to be responsible and share with others. As a result, all of the NPH homes assist people in their communities in a variety of ways. Whether it be responding to a natural disaster or local crisis, or partnering with national child welfare agencies, saving children and their families takes the combined resources of NPH and our partner organizations. Together, we implement the best care practices and customize our services to meet the needs of the surrounding area while ensuring that we adhere to local legal, ethical and cultural standards. By uniting international and local efforts, we are able to achieve meaningful progress in the community.

Making an Impact

Nuestros Pequeños Hermanos (NPH) means “Our Little Brothers and Sisters” in Spanish. Founded in 1954 by Father William Wasson, NPH has transformed the lives of tens of thousands of the most vulnerable children and young adults, providing a nurturing family environment, education, health care, and vocational and life skills training.

NPH USA helps children in Bolivia, the Dominican Republic, El Salvador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, and Peru achieve their full potential, becoming productive, caring leaders in their communities and breaking the cycle of intergenerational poverty.

NPH also fills a vital, lifesaving role with its operation of St. Damien Pediatric Hospital, the only hospital wholly dedicated to pediatric and high-risk maternity care in Haiti, and the only Haitian hospital equipped to provide pediatric oncology care.

NPH Community Outreach Programs

NPH's community outreach programs vary by country, but typically include scholarships for local students to both NPH and non-NPH schools, health services, donations of food and supplies, social services, and support for *Hermanos Mayores* ("older siblings") who grew up at the NPH home. Some NPH homes have specialized programs, including those highlighted below.
